11. STATEMENT OF DUTIES**POSITION DESCRIPTION****BACKGROUND**

The United States Agency for International Development (USAID)'s Bureau for Humanitarian Assistance (BHA) is responsible for facilitating and coordinating U.S. Government (USG) humanitarian assistance overseas in response to all types of international disasters, including slow-onset disasters such as droughts or famine; natural disasters such as earthquakes or floods; or man-made disasters such as conflict or war. BHA is responsible for planning, coordinating, developing, achieving, monitoring, and evaluating international humanitarian assistance focusing on the following three pillars:

- *Early Response and Disaster Relief* programs are committed to responding early, protecting lives and livelihoods, reducing the impact of disasters on vulnerable populations, and helping households and communities to maintain their assets and their capacities for self-recovery.
- *Early Recovery* programs consist of activities that capitalize upon and protect opportunities for communities to restore and improve systems impacted by disasters, maintaining markets, service delivery and supportive social networks after a crisis has occurred.
- *Risk Reduction and Humanitarian Transition* programs build resilience at household, community, and national levels, catalyze and sustain development efforts, and support the advances gained on the Journey to Self-Reliance. In addition, BHA will seek to link its life-saving emergency interventions to longer-term programs that move targeted communities forward.

BHA has seven offices, as follows:

The Bureau's three geographic offices are: (1) Office of Africa; (2) Office of Asia, Latin America and the Caribbean; and (3) the Office of the Middle East, North Africa and Europe. Each geographic office designs, provides, and assesses humanitarian assistance for their respective regions, including assistance related to responding to, recovering from, and reducing the risk of man-made and natural disasters, while linking with other USAID investments that build resilience.

The Office of Global Policy, Partnerships, Programs, and Communications (G3PC) shapes and influences USAID's role within the international humanitarian system; leads engagement on a range of policy, programmatic, and operational issues; and positions the Agency to influence collective response to emergency needs across the globe.

The Office of Technical and Program Quality (TPQ) leads the Bureau's efforts to provide high-quality programmatic and technical leadership, oversight, and guidance. In addition, TPQ leads the Bureau's external engagement with academia and coordinates research to advance the effectiveness, efficiency, and impact of humanitarian and multi-year programming.

The Office of Humanitarian Business and Management Operations (HBMO) is responsible for maintaining 24/7 operability by providing leadership, planning, quality assurance, technical expertise, and process management. HBMO ensures effective stewardship of the Bureau's support services, including workforce planning, staffing, financial management, internal controls, facilities operations and infrastructure.

The Office of Field and Response Operations (FARO) leads and manages operational assistance and the purchase and delivery of goods and services in response to declared foreign disasters and international humanitarian needs in key functional areas, including supply-chain management, procurement, logistics, oversight, and operational coordination with the U.S. military.

INTRODUCTION

Ethiopia is a complex humanitarian operating environment that is highly vulnerable to a wide range of natural and man-made shocks. Historically, the vast majority of the humanitarian burden has been a result of natural disasters, such as drought, flooding, and pest infestation. However, humanitarian needs are increasingly driven by man-made causes, and conflict-induced displacement is a new but significant feature throughout Ethiopia. The 2020 Humanitarian Needs Overview for Ethiopia identified over 10 million people affected by climate and man-made humanitarian crises, of whom 8.4 million people were in need of some form of assistance. Billion-dollar appeals for humanitarian assistance are an unfortunate normal in this context, and USAID has regularly contributed \$400-\$500 million each year to address the multifaceted needs of Ethiopians and refugees impacted by shocks. USAID's emergency food, water, shelter, health, sanitation and hygiene, and nutrition assistance has saved lives and livelihoods and supported the early recovery of households, communities, and systems from disaster.

USAID/Ethiopia Country Strategy

USAID's portfolio of activities in Ethiopia addresses both immediate, lifesaving humanitarian needs and the root causes of instability, hunger, and malnutrition. Recurrent disasters exact a high human toll, threaten Ethiopia's stability, and negatively impact the country's development trajectory and self-reliance. The 2019-2024 Country Development and Cooperation Strategy (CDCS) explicitly recognizes the interconnectedness of humanitarian and development investments, and elevates disaster risk management, resilience, and shock-responsive development programming in order to break the cycle of crisis. As one component of its CDCS Disaster Risk Management (DRM) Development Objective, USAID intends to support timely, quality, appropriate, coordinated, and ultimately government-run emergency response for crisis-affected populations. The imperative to provide assistance where it is needed will drive humanitarian decision-making, but to the greatest extent possible USAID/Ethiopia seeks to leverage and utilize its humanitarian assistance in a manner that contributes to future development, both by responding directly where systems do not function, and by building and reinforcing institutional capacity to respond to future shocks.

The humanitarian and development nexus extends beyond the strategic and/or programmatic coordination and co-location of USAID activities and extends to USAID/Ethiopia's teams and personnel. The Mission's humanitarian and development teams work in a cohesive and complementary manner. A Strategic Advisory Group for Emergencies (SAGE) guides the design, procurement and implementation of shock-responsive development programming and ensures rapid programmatic pivots of development programs when shocks occur.

USAID Transformation

As of June 5, 2020, USAID officially launched its new Bureau for Humanitarian Assistance (BHA). BHA brings together the resources and expertise of USAID's legacy Office of Food for Peace and legacy Office of U.S. Foreign Disaster Assistance to lead global humanitarian assistance. BHA processes and operations, particularly as related to overseas Missions, are being

refined and rolled out in a gradual and iterative manner. In Ethiopia, BHA creates an exciting opportunity to combine humanitarian resources and capabilities, better meet the multisectoral needs of communities in crisis, and create a strong, cohesive platform to link humanitarian and development aid. BHA's portfolio in Ethiopia will run the full spectrum of the bureau's programming: responding to disasters; supporting early recovery to restore and protect basic systems and services; reducing the risk of disasters to prevent or mitigate impacts of chronic and recurrent hazards; and building resilience of people, communities, countries, and systems in a way that reduces chronic vulnerability and facilitates inclusive growth.

OBJECTIVE

USAID/BHA requires the services of a senior humanitarian professional, who will serve as the Deputy Office Director for Emergency Response, for the USAID/Assets and Livelihoods in Transition (ALT) office in Addis Ababa, Ethiopia, to ensure that BHA's objectives for disaster assistance, risk reduction, strategic reporting, interagency coordination, and situational analysis on humanitarian issues are met.

DUTIES AND RESPONSIBILITIES

Humanitarian Leadership, Response, and Strategy

- Develop and maintain in-depth knowledge and understanding of humanitarian issues and context changes in Ethiopia. Analyze and synthesize complex information to identify and prioritize humanitarian assistance needs, response options, and/or policy issues.
- Monitor incipient disasters and/or developments in complex crises, humanitarian response appeals and plans, and emerging and intractable humanitarian issues and challenges. Lead identification and assessment of humanitarian needs, formulation of assistance requirements, and beneficiary targeting. Apply expertise to inform USG actions.
- In partnership with the senior BHA representative at post, co-lead BHA strategy processes to determine current and future directions and resource levels of BHA's Ethiopia portfolio.
- Develop technically sound and time-sensitive solutions in times of crisis that enable USG to respond to the multifaceted needs of targeted beneficiaries. Lead discussions and decisions on resource allocations across all sectors and modalities of assistance.
- Serve as the Mission's lead strategic advisor on humanitarian principles, policies, and practice. Ensure programmatic and operational cohesion and excellence across the full range of USG emergency programming, including Food Assistance (both in-kind and market-based); Agriculture and Food Security; Economic Recovery and Market Systems; Health; Humanitarian Coordination and Information Management; Logistics; Nutrition; Protection; Shelter and Settlements; and Water, Sanitation, and Hygiene. Guide decision making and analysis of resource allocations across all modalities of humanitarian assistance, to include food aid (in-kind, cash, vouchers, mobile money, local, regional, and international procurement, International Food Relief Partnership).
- Guide and advise USAID/Ethiopia development programming to pivot or flex in response to crises and provide expert guidance to incorporate humanitarian concerns into

Mission activities. Develop policy and programmatic options to support effective emergency response as part of Ethiopia's Journey to Self-Reliance.

Coordination

- Create and nurture strategic partnerships with stakeholders, including Government of Ethiopia (GOE) ministries and officials, United Nations (UN) agencies, government ministries, donors, international and national non-governmental organizations (NGOs), and other international and regional professionals and institutions to advance USG humanitarian and disaster risk reduction objectives.
- Support outreach, information sharing, and coordination of humanitarian actors through leadership of Mission's Emergency Task Force (ETF) and Strategic Advisory Group for Emergencies (SAGE). Engage with key stakeholders to jointly plan, coordinate, and execute humanitarian policies and interventions through existing and ad hoc donor and implementing partner coordination fora.
- Ensure coordination and cohesion across USAID food and non-food emergency programming (activities and teams), particularly in the context of BHA's rollout of new systems and processes in Washington and in the field, so that USAID is best placed to meet the multifaceted needs of populations in crisis.
- Collaborate with Mission colleagues to share information, avoid duplication, and identify synergies and transition opportunities. Maintain ongoing dialogue with USG inter-agency actors and BHA Regional Offices on programmatic priorities, objectives, progress, results, challenges, and USG policies in areas with humanitarian concerns or impacts.
- Maintain ongoing dialogue and coordination with BHA/East and Central Africa Regional Office and BHA/Washington to ensure effective collaboration among all BHA entities working on the portfolio.
- Engage with NGOs, the UN, and other donors and actors to support humanitarian coordination and information management during emergencies. Support, assess, and participate in the humanitarian cluster system, where appropriate.

Representation and Advocacy

- As a leading humanitarian specialist in USAID/Ethiopia, represent BHA in-country at internal senior level meetings within the USG and humanitarian stakeholders and convey humanitarian concerns and priorities from the USAID perspective both in-person and in writing. Serve as a liaison on humanitarian issues among USAID mission staff, the U.S. Embassy and other USG agencies, military representatives, BHA/Washington and the broader humanitarian community.
- Support advocacy initiatives on humanitarian concerns and issues, such as humanitarian principles, protection of civilians, funding needs and appeals, and/or specific vulnerabilities in highly complex contexts.
- Represent USAID's emergency assistance interests during formal and informal engagements with other principal donors and actors in the food security sector, such as the World Food Program, United Nations Children's Fund (UNICEF), European Union, Department for International Development (DFID), and World Bank. Represent USAID in GOE and donor coordination fora.

- Prepare and deliver presentations, briefings, and ad hoc analyses to senior government officials and other stakeholders on USAID's emergency programs and activities at local, regional and international workshops and conferences.
- Represent USG humanitarian interests at national and international meetings and conferences, and facilitate, as requested, travel and briefings for official USG visitors interested in humanitarian issues.

Portfolio Management and Administrative Supervision

- Facilitate the smooth transition to BHA (in the immediate term) and provide strategic direction and guidance to ensure cohesion across high-functioning teams focused on humanitarian programming in the medium-to-long term.
- Oversee all related administrative processes for at least 12 individuals, including day to day management of the staff and completion of annual performance reviews, reviews of position descriptions and recruitment, professional development plans and leave requests. Advise, consult, and notify ALT Office management on personnel matters relevant to the team that require action.
- Work with Mission leadership to understand and mitigate the impacts of Mission-based BHA staff movements, including temporary deployments of Foreign Service Officers, PSCs, and Foreign Service Nationals to respond to emergency situations in other countries.
- Guide operationalization of BHA policies, procedures, and systems in the field. Share best practices and models for field structure to inform collaborative processes with Mission leadership in determining BHA footprint/organizational placement.
- Manage and monitor BHA budgets. This includes reviewing budget requests for appropriateness, monitoring use of funds and burn rates to ensure timely spending, reviewing quarterly pipeline reviews/budget status reports, following up on irregular audit findings, providing advice for realignments of budgets, and reviewing accruals.
- Apply expert knowledge of applicable laws, regulations, guidance and practice to guide appropriate and effective use of emergency resources. Work in close coordination with cognizant BHA officials to provide strategic management and oversight of the portfolio.
- Ensure effective oversight of activities by coordinating and conducting monitoring visits. Based on information collected during field visits, communicate findings and recommendations to Mission and BHA management, and, as appropriate, to partners and GOE counterparts.
- Maintain regular, close coordination and communication with the BHA Regional Office and BHA/Washington.

Global BHA Duties

- As needed, serve in a leadership role on Disaster Assistance Response Teams (DARTs) which may require immediate (within 24 hours) deployment overseas for an extended period of time;
- As needed, serve on Washington-based Response Management Teams (RMTs), which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied;
- Ensure timely reporting of BHA's activities the region through written cables, analyses, strategies, and other requests for written information and/or oral briefings;

- As needed, may serve on temporary details within the office to meet operational needs during staff shortages, not to exceed six months. Duties performed while on detail will be aligned with the Team's existing duties and responsibilities as well as directly related to the scope of work provided.
- Become certified and serve as an Agreement Officer's Representative/Contracting Officer's Representative (AOR/COR), as assigned. The AOR/COR provides financial and programmatic oversight of all aspects of managing the agreement or contract; this includes but is not limited to reviewing invoices, requests for approvals, program/project deliverables (i.e. work plans, annual reports, month status reports), travel requests, key personnel requests, and financial/budget reports. They are responsible for drafting and submitting the annual contractor performance evaluation in Contract/Assistance Performance Assessment Review System (CPARS/APARS). They prepare and review contract/assistance modifications documentation and assist the Contracting/Agreement Officer to ensure performance is compliant with the terms and conditions of the contract/agreement, the FAR, and USAID policy. AOR/CORs are responsible for all related requirements set forth in the COR designation letter and the AOR designation letter.

SUPERVISORY RELATIONSHIP:

The Deputy Office Director for Emergency Response is a member of the USAID/Ethiopia Mission and will report directly to the BHA Ethiopia Office Director. However, he/she will coordinate regularly with the BHA Regional Office in Nairobi and directly with personnel within USAID/Ethiopia, and collaborate and consult with other USAID and U.S. Embassy staff.

The USPSC will directly manage multiple teams within the ALT Office. The current staffing pattern includes two USPSC team leaders, an additional two USPSCs, and eight Cooperation Country National PSCs.

SUPERVISORY CONTROLS:

The Deputy Office Director for Emergency Response is expected to plan, design and carry out programs, projects, studies or other work with limited administrative direction from his/her supervisor in terms of broadly defined mission or functions. Results are considered technically authoritative and are normally accepted without significant change, reviewed in terms of fulfillment of program objectives, influence on overall program, or contribution to the advancement of the objective.

The incumbent will function as a Deputy Director within the ALT Office and work largely independently under a broad set of strategic objectives that are meant to be accomplished. His/her supervisor (ALT Chief) will provide broad feedback and participate in priority setting, but work products will be accepted as technically authoritative. S/he will have designated representational responsibilities where s/he must speak and act independently on behalf of the USAID Mission. In the event of a crisis or other acute shock, as the alter ego for the senior BHA official at post the USPSC may be delegated leadership of response planning. The USPSC is expected to plan work programs and projects with little or no guidance and as an expert he/she is expected to provide technical advice and support on emergency assistance matters to other

technical experts, the ALT Office, other USAID Ethiopia offices, BHA in Washington, BHA Regional Office in Nairobi, the GOE, international organizations, and implementing partners.

12. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on DARTs (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

13. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on DARTs (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

14. START DATE: Immediately, once necessary clearances are obtained.

II. MINIMUM QUALIFICATIONS REQUIRED FOR THIS POSITION

EDUCATION/EXPERIENCE REQUIRED FOR THIS POSITION

(Determines basic eligibility for the position. Offerors who do not meet all of the education and experience factors are considered NOT qualified for the position.)

Bachelor's degree with study in, or pertinent to, the specialized field of, but not limited to, international relations, economics, food policy, East African studies, or a related field or country, plus eleven (11) years of progressively demonstrated experience in emergency relief, disaster risk reduction and/or disaster preparedness programming and management, including four (4) years of overseas humanitarian field experience.

OR

Master's degree with study in, or pertinent to, the specialized field of, but not limited to, international relations, economics, food policy, East African studies, or a related field or country, plus nine (9) years of progressively demonstrated experience in emergency relief, disaster risk reduction and/or disaster preparedness programming and management, including four (4) years of overseas humanitarian field experience.

III. EVALUATION AND SELECTION FACTORS

The Government may award a contract without discussions with offerors in accordance with FAR 52.215-1. The CO reserves the right at any point in the evaluation process to establish a competitive range of offerors with whom negotiations will be conducted pursuant to FAR 15.306(c). In accordance with FAR 52.215-1, if the CO determines that the number of offers that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the CO may limit the number of offerors in the competitive range to the greatest number that will permit an efficient competition among the most highly rated

offers. FAR provisions of this solicitation are available at <https://www.acquisition.gov/browse/index/far>.

SELECTION FACTORS

(Determines basic eligibility for the position. Offerors who do not meet all of the selection factors are considered NOT qualified for the position.)

- Offeror is a U.S. Citizen.
- Complete resume submitted. See cover page for resume requirements. Experience that cannot be quantified will not be counted towards meeting the solicitation requirements.
- USPSC Offeror form AID 309-2. Offerors are required to complete sections A through I. This form must be physically signed. Electronic signatures will not be accepted.
- Ability to obtain and maintain a Secret up to Top Secret/Sensitive Compartmented Information level clearance as provided by USAID.
- Ability to obtain a Department of State medical clearance.
- Must not appear as an excluded party in the System for Award Management (SAM.gov).
- Satisfactory verification of academic credentials.

OFFEROR RATING SYSTEM

The offeror rating system factors are used to determine the competitive ranking of qualified offerors in comparison to other offerors. Offerors must demonstrate the rating factors outlined below within their resume, as they are evaluated strictly by the information provided. The rating factors are as follows:

Professional Experience (10 points):

- Experience managing humanitarian interventions in an international disaster context across the entire disaster management cycle to include emergency response, early recovery and transition, disaster risk reduction, and resilience.
- Specific experience managing humanitarian interventions including needs assessment, strategy development, budget management, resource prioritization, program development, and program management.

Skill and Abilities (10 points):

- Demonstrated diplomatic, interpersonal, and representational skills in order to work effectively with host governments at senior levels in the midst of humanitarian crisis situations.
- Demonstrated diplomatic, interpersonal, and representational skills in order to work effectively with other donors and diplomatic missions at senior levels in the midst of international humanitarian crisis situations.
- Demonstrated diplomatic, interpersonal, and representational skills in order to work effectively with international and national non-governmental humanitarian partners at senior levels in the midst of humanitarian crisis situations.
- Demonstrated diplomatic, interpersonal, and representational skills in order to effectively achieve humanitarian objectives within the USG at senior levels, including with DOD, Embassies, Members of Congress, and senior executive branch staff in the midst of international humanitarian crisis situations.

Leading Teams Experience (10 points):

- Demonstrated experience leading teams of varied nationalities and cultural backgrounds working in a constant state of complex, international humanitarian crisis.
- Experience leading a diverse team of program, technical, and administrative staff, including senior U.S. professionals; working in a constant state of complex, international humanitarian crises.

Interview Performance (50 points)**Satisfactory Professional Reference Checks (20 points)****Total Possible Points: 100**

BASIS OF RATING: Offerors who meet the Education/Experience requirements and Selection Factors will be further evaluated in accordance with the Offeror Rating System. Those offerors determined to be competitively ranked may also be evaluated on interview performance and satisfactory professional reference checks.

Offerors are required to address each factor of the Offeror Rating System in their resume, describing specifically and accurately what experience, training, education and/or awards they have received as it pertains to each factor. Be sure to include your name and the announcement number at the top of each additional page. Failure to address the selection factors and/or Offeror Rating System factors may result in not receiving credit for all pertinent experience, education, training and/or awards.

The most qualified offerors may be interviewed and required to provide a writing sample. BHA will not pay for any expenses associated with the interviews. Professional references and academic credentials will be evaluated for offerors being considered for selection. Note: Please be advised that references may be obtained independently from other sources in addition to the ones provided by an offeror. BHA reserves the right to select additional offerors if vacancies become available during the future phase of the selection process.

IV. SUBMITTING AN OFFER

Offers must be **received** by the closing date and time at the address specified in the cover letter.

Qualified individuals are **required** to submit:

1. Complete resume. In order to fully evaluate your offer, your resume must include:

- (a) Paid and non-paid experience, job title, location(s), dates held (month/year), and hours worked per week for each position. Dates (month/year) and locations for all field experience must also be detailed. **Any experience that does not include dates (month/year), locations, and hours per week will not be counted towards meeting the solicitation requirements.**
- (b) Specific duties performed that fully detail the level and complexity of the work.
- (c) Education and any other qualifications including job-related training courses, job-related skills, or job-related honors, awards or accomplishments.

(d) U.S. Citizenship

(e) **Optional:** How did you hear about this opportunity? (beta.SAM.gov, BHA Jobs, Career Fair, etc.).

Your resume must contain sufficient information to make a valid determination that you fully meet the experience requirements as stated in this solicitation. This information must be clearly identified in your resume. Failure to provide information sufficient to determine your qualifications for the position will result in loss of full consideration.

2. USPSC Offeror form AID 309-2. Offerors are required to complete sections A through I.

This form must be physically signed. Electronic signatures will not be accepted. AID 309-2 is available at <http://www.usaid.gov/forms>.

Additional documents submitted will not be accepted.

By submitting your offer materials, you certify that all of the information on and attached to the offer is true, correct, complete, and made in good faith. You agree to allow all information on and attached to the offer to be investigated. False or fraudulent information on or attached to your offer may result in you being eliminated from consideration for this position, or being terminated after award, and may be punishable by fine or imprisonment.

To ensure consideration of offers for the intended position, please reference the solicitation number on your offer, and as the subject line in any email.

DOCUMENT SUBMITTALS

Via email: BHA.AfricaRecruitment@usaid.gov

NOTE: If the full security application package is not submitted within 30 days after the Office of Security determines eligibility, the offer may be rescinded. If a Secret security clearance is not obtained within nine months after offer acceptance, the offer may be rescinded. If Top Secret is required, and clearance is not obtained within nine months after award, USAID may terminate the contract at the convenience of the government. If Sensitive Compartmented Information (SCI) access is not obtained within nine months after Top Secret clearance is granted, USAID may terminate the contract at the convenience of the government.

NOTE: If the full medical clearance package is not submitted within two months after offer acceptance, the offer may be rescinded. If a Department of State medical clearance is not obtained within six months after offer acceptance, the offer may be rescinded.

NOTE REGARDING GOVERNMENT OBLIGATIONS FOR THIS SOLICITATION

This solicitation in no way obligates USAID to award a PSC contract, nor does it commit USAID to pay any cost incurred in the preparation and submission of the offer.

NOTE REGARDING DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBERS AND THE SYSTEM FOR AWARD MANAGEMENT

All USPSCs with a place of performance in the United States are required to have a Data Universal Numbering System (DUNS) number and be registered in the System for Award Management (SAM) database prior to receiving an offer. You will be disqualified if you either fail to comply with this requirement or if your name appears on the excluded parties list. The selectee will be provided with guidance regarding this registration.

NOTE: Registration for a DUNS number is **FREE**.

For general information about DUNS Numbers, please refer to Federal Acquisition Regulation (FAR) Clause 52.204-6, Data Universal Numbering System Number at https://www.acquisition.gov/far/current/html/52_200_206.html and FAR 52.204-7, System for Award Management at https://www.acquisition.gov/far/current/html/52_200_206.html or www.sam.gov.

ATTACHMENT 1**USPSC PROVISION “MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)”****MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)**

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 (available at <http://www.foia.state.gov/REGS/fams.asp?level=2&id=59&fam=0>). Note: personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

- (1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;
- (2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and
- (3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation AAPD 06-10 PSC Medical Expense Payment Responsibility 6 Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission

Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member.

In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent. (i) Before departing post or terminating the contract, the contractor must settle all medical expenses and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting AAPD 06-10 PSC Medical Expense Payment Responsibility 7 Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

**GP 5. LEAVE AND HOLIDAYS (DEC 2017)
(Pursuant to class deviation #M/OAA-DEV-AIDAR-18-1c)**

(a) Annual Leave

(1) The contractor is not entitled to annual leave if the period of performance of this contract is 90 days or less. If the contract period of performance is more than 90 days, the contractor shall earn annual leave as of the start date of the contract period of performance as specified in paragraph (a)(2) below.

(2) The contractor shall accrue annual leave based on the contractor’s time in service according to the following table:

| Time in Service | Annual Leave (AL) Accrual Calculation |
|----------------------------|--|
| 0 to 3 years | Four hours of leave for each two week period |
| over 3, and up to 15 years | Six hours of AL for each two week period (including 10 hours AL for the final pay period of a calendar year) |
| over 15 years | Eight hours of AL for each two week period |

USAID will calculate the contractor’s time in service based on all the previous service performed by the contractor as a: 1) USAID PSC (i.e., the contractor has served under any USAID personal services contracts of any duration covered by Sec. 636(a)(3) of the FAA or other statutory provision applicable to USAID); and/or 2) former U.S. Government (USG) direct-hire, under either civilian and/or military service.

(3) (i) AL is provided under this contract for the purposes of affording necessary rest and recreation during the period of performance. The contractor, in consultation with the USAID Mission or USAID/Washington, as appropriate, shall develop an AL schedule early in the contractor's period of performance, taking into consideration project requirements, employee preference, and other factors. All AL earned by the contractor must be used during the contractor’s period of performance. All AL earned by the contractor, but not taken by the end of the contract, will be forfeited. However, to prevent forfeiture of AL, the Contracting Officer may approve the contractor taking AL during the concluding weeks of the contractor's period of performance.

(ii) As an exception to 3(i) above, the contractor may receive a lump-sum payment for leave not taken. To approve this exception, the contractor's supervisor must provide the Contracting Officer with a signed, written Determination and Findings (D&F). The D&F must set out the facts and circumstances that prevented the contractor from taking AL, and the Contracting Officer must find that these facts and circumstances were not caused by, or were beyond the control of, the contractor. This leave payment must not exceed the number of days which could be earned by the contractor during a twelve-month period.

(4) With the approval of the Mission Director or cognizant AA, as appropriate, and if the circumstances warrant, a Contracting Officer may grant the contractor advance AL in excess of the amount earned, but in no case may the Contracting Officer grant advance AL in excess of the amount earned in one year or over the life of the contract, whichever is less. The contractor agrees to reimburse USAID for any outstanding balance of advance AL provided during the contractor's assignment under the contract.

(5) Applicants for PSC positions will provide evidence of their PSC and/or USG direct-hire service - civilian and/or military experience, as applicable, on their signed and dated application form required under USAID policy. By signing the appropriate form, the applicant attests to the accuracy of the information provided. Any applicant providing incorrect information is subject to the penalty provisions in the form. If required to satisfy due diligence requirements on behalf of the Contracting Officer, the contractor may be required to furnish evidence that verifies length of service, e.g., SF 50, DD Form 214, and/or signed contracts.

(b) Sick Leave. The contractor may use sick leave on the same basis and for the same purposes as USAID U.S. direct hire employees. Sick leave is earned at a rate not to exceed four (4) hours every two (2) weeks for a total of 13 work-days per year. Unused sick leave may be carried over under an extension or renewal of this contract with the same individual for the same work.

Otherwise, sick leave will not be carried over from one post to another or from one contract to another. The contractor will not be compensated for unused sick leave upon completion of this contract.

(c) Home Leave.

(1) Home leave is leave earned for service abroad for use only in the U.S., its commonwealths, possessions and territories.

(2) A USPSC who has served at least two years overseas at the same USAID Mission, under the same contract, as defined in paragraph (c)(4) below, and has not taken more than 30 work days leave (annual, sick or LWOP) in the U.S. may be granted home leave in accordance with the following:

(i) if the USPSC returns to the same overseas post upon completion of home leave for an additional two (2) years under the same contract, the USPSC will receive home leave, to be taken at one time, for a period of 30 work days; or

if the USPSC returns to the same overseas post upon completion of home leave for such shorter period of not less than one year, as approved in writing by the Mission Director prior to the USPSC's departure on home leave, the USPSC will receive home leave, to be taken at one time, for a period of 30 work days.

(ii) if the USPSC is returning to a different USAID Mission under a USAID personal services contract immediately following completion of the USPSC's home leave, for an additional two (2) years under contract, or for such shorter period of not less than one (1) year, as approved by the Mission Directors of the "losing" and "gaining" Missions, the contractor will receive home leave, to be taken at one time, for a period of not more than 20 work days. When the PSC is returning to a different USAID Mission, the former Mission will pay for the home leave regardless of what country the PSC will be working in following the home leave;

(iii) if home leave eligibility is based on (c)(2)(ii) above, the USPSC must submit written verification to the losing Mission at the time home leave is requested that the USPSC has accepted a USAID personal services contract at another USAID Mission following completion of the home leave;

(iv) travel time by the most direct route is authorized in addition to the number of work days authorized for home leave;

(v) home leave must be taken in the U.S., its commonwealths, possessions or territories, and any days spent elsewhere will be charged to annual leave (AL.) If the PSC does not have accrued AL, the PSC will be placed on LWOP.

(vi) if the PSC does not complete the additional service required under (c)(2)(i) or (ii) (that the Contracting Officer finds are other than for reasons beyond the PSC's control), the cost of home leave, travel and transportation and any other related costs must be repaid by the PSC to the Government.

(3) Notwithstanding the requirement in paragraph (c)(2) above, that the USPSC must have served two (2) years overseas under personal services contract with the same Mission to be eligible for home leave, the USPSC may be granted advance home leave subject to all of the following conditions:

(i) Granting of advanced home leave would in each case serve to advance the attainment of the objectives of this contract; and

(ii) The USPSC has served a minimum of 18 months in the Cooperating Country under this contract; and

(iii) The USPSC agrees to return to the Cooperating Country to serve out the remaining time necessary to meet two (2) years of service overseas, plus an additional two (2) years under the current contract or under a new contract for the same or similar services at the same Mission. If approved in advance by the Mission Director, the USPSC may return to serve out any remainder of the two (2) year requirement for service overseas, plus an additional period of not less than one (1) year under the current contract or under a new contract for the same or similar services at the same Mission.

(4) The period of service overseas required under paragraph (c)(2), or paragraph (c)(3) above, will include the actual days in orientation in the U.S. (less language training). The actual days overseas begin on the date of arrival in the cooperating country inclusive of authorized delays enroute. Allowable annual and sick leave taken while overseas, but not LWOP, shall be included in the required period of service overseas. An amount equal to the number of days of annual and sick leave taken in the U.S., its commonwealths, possessions or territories will be added to the required period of service overseas.

(5) Salary during the travel to and from the U.S., for home leave will be limited to the time required for travel by the most expeditious air route. Except for reasons beyond the USPSC's control as determined by the Contracting Officer, the USPSC must return to duty after home leave and complete the additional required service or be responsible for reimbursing USAID for

payments made during home leave. Unused home leave is not reimbursable under this contract, nor can it be taken incrementally in separate time periods.

(6) Home leave must be taken at one time, and to the extent deemed necessary by the Contracting Officer, an USPSC in the U.S., on home leave may be authorized to spend not more than five (5) days in work status for consultation at USAID/Washington before returning to post. Consultation at locations other than USAID/Washington as well as any time in excess of five (5) days spent for consultation must be approved by the Mission Director or the Contracting Officer.

(d) Home Leave for Qualifying Posts (HLQP). USPSCs who ordinarily qualify for home leave and have completed a 12-month assignment at one of the USAID qualifying posts (currently Iraq, Afghanistan and Pakistan) are entitled to take ten (10) workdays of leave in addition to the home leave an USPSCs is normally entitled to under the contract in accordance with sub-paragraphs (c)(1) - (6) above. This additional home leave is provided pursuant to an amendment to the Foreign Service Act of 1980 signed by the President on June 15, 2006.

There is no requirement that an eligible USPSC take this additional leave; it is for optional use by the USPSC. If an eligible USPSC elects to take HLQP, the USPSC must take ten (10) workdays of home leave. If the USPSC is returning to the United States and not returning overseas to the same or different USAID Mission, HLQP will not apply.

This new home leave policy is also extended to qualifying **Third-Country National PSCs (TCNPSCs)** who have an approved exception under AIDAR Appendix J, sec. 4(c)(2)(ii)(B), to apply specific provisions from AIDAR Appendix D, and whose contract includes this General Provision. However, TCNPSCs will be granted "country leave" vice home leave. The application, requirements, and restrictions will be the same as for USPSCs, but the time taken by a TCNPSC will be taken in the TCNPSC's home country or country of recruitment rather than in the United States, its commonwealths and territories.

(e) Holidays and Excused Absences. The contractor shall be entitled to all holidays and or excused absences granted by the USAID to U.S. direct-hire employees.

(f) Military Leave. Military leave of not more than 15 calendar days in any calendar year may be granted to a contractor who is a reservist of the U.S. Armed Forces. The contractor must provide advance notice of the pending military leave to the Contracting Officer or the Mission Director as soon as known. A copy of any such notice must be part of the contract file.

(g) Leave Without Pay (LWOP). LWOP may be granted only with the written approval of the Contracting Officer or Mission Director, unless a USPSC is requesting for such leave for family and leave purposes under paragraph (i) below.

(h) Compensatory Time. Compensatory time leave may be granted only with the written approval of the Contracting Officer or Mission Director in rare instances when it has been determined absolutely essential and used under those guidelines which apply to USAID U.S. direct-hire employees.

(i) Family and Medical Leave (FML)

(1) USAID provides family and medical leave (FML) for eligible USPSCs working within the

U.S., or any Territories or possession of the United States, in accordance with Title I of the Family and Medical Leave Act of 1993, as amended, and as administered by the Department of Labor under [29 CFR 825](#). USAID is also extending FML to eligible USPSCs working outside the U.S., or any Territories or possession of the U.S., in accordance with this paragraph (i) as a matter of policy discretion.

(2) FML only applies to USPSCs, not any other type of PSC.

(3) To be eligible for FML, a USPSC must have been employed (i) for at least 12 months by USAID; and (ii) for at least 1,250 hours of service with USAID during the previous 12-month period. The specific eligibility criteria and requirements are provided in USAID policy.

(4) In accordance with [29 CFR 825.200\(a\)](#) and USAID policy, an eligible USPSC may take up to 12 workweeks of leave under FMLA, Title I, in any 12-month period for the following reasons:

(a) The care of the USPSC's newborn child.

(b) The care of the USPSC's newly placed adopted or foster care child.

(c) The care of the USPSC's spouse, child or parent with a serious health condition.

(d) The USPSC's own serious health condition.

(e) A qualifying exigency arising from the USPSC's spouse, child or parent in active duty military status.

(f) Other qualifying exigencies as determined by the Department of Labor.

(5) In accordance with 29 CFR Part 825.207, the USPSC may take LWOP for FML purposes. However, the USPSC may choose to substitute LWOP with accrued paid leave, including accrued annual or sick leave, or compensatory time earned under this contract. If the USPSC does not choose to substitute accrued paid leave, the CO, in consultation with the USPSC's supervisor, may require the USPSC to substitute accrued paid leave for LWOP. The CO must verify the accuracy of the USPSC's accrued paid leave request and obtain the required certifications for approval of FML in accordance with the stated USAID policy.

(6) FML is not authorized for any period beyond the completion date of this contract.

(7) When requesting FML, the USPSC must demonstrate eligibility to the USPSC's supervisor by completing USAID's FML request forms, including certifications and other supporting documents required by USAID policy.

(8) The U.S. Department of Labor's (DOL's) [Wage and Hour Division \(WHD\) Publication 1420](#) explains the FMLA's provisions and provides information concerning procedures for filing complaints for violations of the Act.

(j) Leave Records. The contractor shall maintain current leave records for himself/herself and make them available, as requested by the Mission Director or the Contracting Officer.

**Title 48 of the Code of Federal Regulations (CFR) Chapter 7
USAID Acquisition Regulation (AIDAR)**

**APPENDIX D--DIRECT USAID CONTRACTS WITH A U.S. CITIZEN OR A U.S.
RESIDENT ALIEN FOR PERSONAL SERVICES ABROAD**

**GP 25. MEDICAL EVACUATION (MEDEVAC) SERVICES (DEC 2019)
(Pursuant to class deviation #M/OAA-DEV-AIDAR-20-3c)**

A contractor who is required to relocate abroad and accompanying eligible family members; or a contractor on official travel status abroad on temporary duty or training, will be provided Medevac services through the Department of State, Bureau of Medical Services, similar to that provided to U.S. Government employees in 16 FAM 300 Medical Travel. Medevac costs that will be covered by USAID include travel and per diem, but do not include medical care costs.

To be eligible for Medevac services covered by the Department of State Medevac program, the contractor and accompanying eligible family members must obtain and maintain international health insurance coverage in accordance with the clause of the contract entitled, "Insurance."

52.222-50 Combating Trafficking in Persons (JAN 2019)

(a) Definitions. As used in this clause -

Agent means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act on behalf of the organization.

Coercion means -

- (1) Threats of serious harm to or physical restraint against any person;
- (2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or
- (3) The abuse or threatened abuse of the legal process.

Commercial sex act means any sex act on account of which anything of value is given to or received by any person.

Commercially available off-the-shelf (COTS) item means -

Any item of supply (including construction material) that is -

- (i) A commercial item (as defined in paragraph (1) of the definition at FAR 2.101);
- (ii) Sold in substantial quantities in the commercial marketplace; and
- (iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Debt bondage means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

Employee means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

Forced Labor means knowingly providing or obtaining the labor or services of a person -

By threats of serious harm to, or physical restraint against, that person or another person;
By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or

By means of the abuse or threatened abuse of law or the legal process.

Involuntary servitude includes a condition of servitude induced by means of -

Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or

The abuse or threatened abuse of the legal process.

Recruitment fees means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.

Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting process) for -

Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;

Advertising;

Obtaining permanent or temporary labor certification, including any associated fees;

(iv) Processing applications and petitions;

(v) Acquiring visas, including any associated fees;

(vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;

(vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;

(viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;

(ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;

(x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;

(xi) Transportation and subsistence costs -

(A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees, and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon the end of employment; and

(B) From the airport or disembarkation point to the worksite;

(xii) Security deposits, bonds, and insurance; and

(xiii) Equipment charges.

A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is -

(i) Paid in property or money;

(ii) Deducted from wages;

(iii) Paid back in wage or benefit concessions;

(iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or

(v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to -

(A) Agents;

(B) Labor brokers;

(C) Recruiters;

(D) Staffing firms (including private employment and placement firms);

(E) Subsidiaries/affiliates of the employer;

(F) Any agent or employee of such entities; and

(G) Subcontractors at all tiers.

Severe forms of trafficking in persons means -

Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, and outlying areas.

(b)Policy. The United States Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities of this clause. Contractors, contractor employees, and their agents shall not -

(1) Engage in severe forms of trafficking in persons during the period of performance of the contract;

(2) Procure commercial sex acts during the period of performance of the contract;

(3) Use forced labor in the performance of the contract;

(4) Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

(5)

(i) Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as failing to disclose, in a format and language understood by the employee or potential employee, basic information or making material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment, including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or agent provided or arranged), any significant costs to be charged to the employee or potential employee, and, if applicable, the hazardous nature of the work;

(ii) Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;

(6) Charge employees or potential employees recruitment fees;

(7)

(i) Fail to provide return transportation or pay for the cost of return transportation upon the end of employment -

(A) For an employee who is not a national of the country in which the work is taking place and who was brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts performed outside the United States); or

(B) For an employee who is not a United States national and who was brought into the United States for the purpose of working on a U.S. Government contract or subcontract, if the payment of such

costs is required under existing temporary worker programs or pursuant to a written agreement with the employee (for portions of contracts performed inside the United States); except that -

(ii) The requirements of paragraphs (b)(7)(i) of this clause shall not apply to an employee who is -

(A) Legally permitted to remain in the country of employment and who chooses to do so; or

(B) Exempted by an authorized official of the contracting agency from the requirement to provide return transportation or pay for the cost of return transportation;

(iii) The requirements of paragraph (b)(7)(i) of this clause are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to trafficking in persons. The contractor shall provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor shall not only offer return transportation to a witness at a time when the witness is still needed to testify. This paragraph does not apply when the exemptions at paragraph (b)(7)(ii) of this clause apply.

(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or

(9) If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required work document in writing. Such written work document shall be in a language the employee understands. If the employee must relocate to perform the work, the work document shall be provided to the employee at least five days prior to the employee relocating. The employee's work document shall include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off, roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit trafficking in persons.

(c) Contractor requirements. The Contractor shall -

(1) Notify its employees and agents of -

(i) The United States Government's policy prohibiting trafficking in persons, described in paragraph (b) of this clause; and

(ii) The actions that will be taken against employees or agents for violations of this policy. Such actions for employees may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

(2) Take appropriate action, up to and including termination, against employees, agents, or subcontractors that violate the policy in paragraph (b) of this clause.

(d) Notification.

(1) The Contractor shall inform the Contracting Officer and the agency Inspector General immediately of -

(i) Any credible information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, subcontractor employee, or their agent has

engaged in conduct that violates the policy in paragraph (b) of this clause (see also 18 U.S.C. 1351, Fraud in Foreign Labor Contracting, and 52.203-13(b)(3)(i)(A), if that clause is included in the solicitation or contract, which requires disclosure to the agency Office of the Inspector General when the Contractor has credible evidence of fraud); and

(ii) Any actions taken against a Contractor employee, subcontractor, subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor shall inform the contracting officer for the contract with the highest dollar value.

(e) Remedies. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h), or (i) of this clause may result in -

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments until the Contractor has taken appropriate remedial action;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(5) Declining to exercise available options under the contract;

(6) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or

(7) Suspension or debarment.

(f) Mitigating and aggravating factors. When determining remedies, the Contracting Officer may consider the following:

(1) Mitigating factors. The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has taken appropriate remedial actions for the violation, that may include reparation to victims for such violations.

(2) Aggravating factors. The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.

(g) Full cooperation.

(1) The Contractor shall, at a minimum -

(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;

(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and shall not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not -

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iii) Restrict the Contractor from -

(A) Conducting an internal investigation; or

(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

(h) Compliance plan.

(1) This paragraph (h) applies to any portion of the contract that -

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds \$500,000.

(2) The Contractor shall maintain a compliance plan during the performance of the contract that is appropriate -

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.

(3) Minimum requirements. The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can be found at the Web site for the Department of State's Office to Monitor and Combat Trafficking in Persons at <http://www.state.gov/j/tip/>.

(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.

(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee or potential employee, and ensures that wages meet applicable host-country legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) Posting.

(i) The Contractor shall post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor shall provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor shall provide the compliance plan to the Contracting Officer upon request.

(5) Certification. Annually after receiving an award, the Contractor shall submit a certification to the Contracting Officer that -

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either -

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(6) Subcontracts.

(1) The Contractor shall include the substance of this clause, including this paragraph (i), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that -

(A) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(B) Has an estimated value that exceeds \$500,000.

If any subcontractor is required by this clause to submit a certification, the Contractor shall require submission prior to the award of the subcontract and annually thereafter. The certification shall cover the items in paragraph (h)(5) of this clause.

ATTACHMENT 6**52.204-25 PROHIBITION ON CONTRACTING FOR CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (AUG 2019)**

(a) Definitions. As used in this clause—

“Covered foreign country” means The People’s Republic of China.

“Covered telecommunications equipment or services” means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

“Critical technology” means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

“Substantial or essential component” means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) Prohibition. Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in Federal Acquisition Regulation 4.2104.

(c) Exceptions. This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement. (1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at <https://dibnet.dod.mil>. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at <https://dibnet.dod.mil>.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.
